[Subcommittees]

(1) Subcommittee on zoonotic infections

Session on emerging/re-emerging infectious diseases

Lecture 1 「Basic knowledge and infection control of the SARS epidemic in 2003」
Hiroshi Watanabe
(Professor and Chairman, Department of Infection Control and Prevention, Kurume University School of Medicine)

Lecture 2 「MERS coronavirus & SARS coronavirus」
Wataru Kamitani
(Professor, Department of Infectious Diseases and Host Defense, Graduate School of Medicine, Gunma University)

Lecture 3 「Zoonotic infections and One Health: The front-line on Ebola hemorrhagic fever」
Atsushi Okumura
(National Institute of Allergy and Infectious Diseases, Rocky Mountain Laboratories, Laboratory of Virology)

Lecture 4 「The current situation and challenges in the development of dengue fever vaccine」
Moi Meng Ling
(Professor, Institute of Tropical Medicine, Nagasaki University)

Lecture 5 「Potential risks of dengue fever outbreaks in Japan and laboratory diagnostic techniques」
Tomohiko Takasaki
(Director, Kanagawa Prefectural Institute of Public Health)

Lecture 6 「Development of therapeutic and preventive measures against Severe Fever with Thrombocytopenia Syndrome (SFTS)」
Masayuki Saijo
(MD, Ph D, Department of Virology 1, National Institute of Infectious Diseases)

Lecture 7 「Research efforts on the development of a novel therapeutic strategy targeting the replication machinery and pathogenesis of SFTS virus」
Hideki Ebihara
(Department of Molecular Medicine, Mayo Clinic College of Medicine, Mayo Clinic)

Lecture 8 「The current status of SFTSV infection in Taiwan」
Wei-Li Hsu
(Graduate Institute of Microbiology and Public Health, National Chung Hsing University, Taiwan)

Lecture 9 「Rabies: Forgotten fatal disease and the recent topics」
Akira Nishizono
(Professor, Department of Microbiology, Faculty of Medicine, Oita University)

Lecture 10 「The situation of rabies in Thailand: The overcoming policy and implementation」
Thanmaporn Phichitrasilp
(Department of Veterinary Technology, Kasetsart University)

Lecture 11 「Current Progress and Issues in Development of Anti-SARS-COV-2 Therapeutics」
Wataru Toriumi
(Department of Research and Development, Division of Drug Discovery, Bonac Corporation)

Session on surveillance for infectious diseases

[Theme] Current status and issues of surveillance for infectious diseases transmitted from wild animals

Chair: Kimiko Okabe
(Director, Center for Biodiversity, Forestry and Forest Products Research Institute, Forest Research and Management Organization)

Lecture 1 「Expansion of tick-borne infectious diseases by wild animals」
Ken Maeda
(Director, Department of Veterinary Science, National Institute of Infectious Diseases)

Lecture 2 「Searching for the timing of infection from the location of pathogens in ticks」
Yasuhiro Yano
(Assistant Professor, Department of Medical Zoology, Faculty of Medical Sciences, University of Fukui)

Lecture 3 「Toward integrated management of wildlife-derived infectious diseases」
Kimiko Okabe
(Director, Center for Biodiversity, Forestry and Forest Products Research Institute, Forest Research and Management Organization)

Lecture 4 「Emerging infection and ecological crisis」
Kouichi Goka
(Head, Ecological Risk Assessment and Control Section, Center for Environmental Biology and Ecosystem Studies, National Institute for Environmental Studies)

General Discussion

(2) Subcommittee on measures against Antimicrobial Resistance (AMR)

[Theme] Current situations and issues regarding Antimicrobial Resistance (AMR) measures

Chair: Tetsuo Asai
(Professor, United Graduate School of Veterinary Sciences, Gifu University)

Lecture 「Action Plan on Antimicrobial Resistance (AMR) in Japan: Past and Future」
Motoyuki Sugai
(Director, Antimicrobial Resistance Research Center, National Institute of Infectious Diseases)

Lecture 「Current status of antibiotic-resistant bacteria derived from animals from the perspective of One Health」
Masaru Usui
(Associate Professor, Laboratory of Food Microbiology and Food Safety, School of Veterinary Medicine, Rakuno Gakuen University)

General Discussion

[Theme] Initiatives at international organizations

Lecture 「Introducing “Framework for Accelerating Action to Fight Antimicrobial Resistance in the Western Pacific Region”」
Socorro Escalante
(Coordinator, Essential Medicines and Health Technologies Unit, Division of Health Systems World Health Organization Regional Office for the Western Pacific)

(3) Subcommittee on One Health initiatives

[Theme] Initiatives at medical and veterinary universities

Lecture 1 「Newly Emerging Education and Training Programme for Global Health, One Health and Planetary Health in Nagasaki University」
Koya Ariyoshi
(Professor, Department of Clinical Medicine, Institute of Tropical Medicine, Nagasaki University)

Lecture 2 「One Health research hub established through collaboration between Medical and Veterinary Departments in Yamaguchi University」
Masahisa Watarai
(Professor, Laboratory of Veterinary Public Health, Joint Faculty of Veterinary Medicine, Yamaguchi University)

Lecture 3 「Postgraduate education for fostering doctoral students contributing to One Health」
Motohiro Horiuchi
(Professor, Preventive Veterinary Medicine, Faculty of Veterinary Medicine, Hokkaido University)

[Theme] Initiatives at international organizations

Lecture 「OIE One Health Activities in Asia and the Pacific」
Lesia Thompson
(Regional Project Officer, OIE Regional Representation for Asia and the Pacific)

[Theme] Exchange of opinions on One Health by nurses, physical therapists, occupational therapists, and speech therapists
「Suggestions from medical experts regarding One Health activities; Feedback after joining a One Health bus tour」

Chair: Ako Imamura
(NPO Kotori (Speech-and-Relationship Association))

Lecture 1 「Nursing Now—Natural Healing Power Described by Nightingale—」
Himiko Yamato
(Director, Fukuoka Nursing Association)

Lecture 2 「One Health and Physical Therapy」
Tetsuji Matsuzaki
(Vice Director, Fukuoka Physical Therapy Association)

Lecture 3 「One Health—from a perspective of occupational therapists」
Yuji Takenaka
(Representative Director, Fukuoka OT Association)

Lecture 4 「One Health from a speech-language-hearing therapist's perspective」
Akifumi Yoshinaga
(Director, Fukuoka Speech-Language-Hearing Therapist Association)

Opinion Exchange

[Theme] Citizens and One Health: How to explain One Health simply. What? Is this also included in One Health?

Chair: Yoshimichi Shibata
(One Health Creates)

Lecture 1 「Environmental Education and One Health」
Hiroshi Kanda
(Vice Representative Director, Approved Nonprofit Corporation, Sento Tarui)

Lecture 2 「Chinaberry: Making a cycle system of forest, lumber, and furniture」
Masaaki Ueki
(Representative Director (Okawa City) and Chairman, Ueki Sangyo Co., Ltd.)

Lecture 3 「Pet animals who serve in search and rescue at disasters, in therapy and in supportive care for disabled children」
Takeru Oka
(Executive director, Japan Rescue Association)

Lecture 4 「Bequeathed: Building Happy Relationships Between the Elderly and Pets」
Yoshitaka Fujino
(Vice Administrative Director, Approved Nonprofit Corporation, P-Sapo Net)

Opinion Exchange
